Terms and conditions:

The exhibitors should ensure they have adequate cover whilst their goods are being transported to and from the event, as well as during handling operations and the exhibition period.

LIMITS OF FREIGHT-TRUCKS:

The truck, which can drive in to the basement through porters-lodge Nr. 3 to the passage, directing to the lift has the below mentioned limits:

- Height (of the truck) max 3,4 meter
- Width max 3,5 meter
- Length max 10 meter
- Total weight of the truck (together with the cargo) max 10 ton

The truck, which can drive before the building, Prague Congress Centre, has the below mentioned limits:

- max weight to one axle 6 ton
- max length of the truck 15 meter

If the driver will use the reinforced route round the building, he must not turn aside to the normal pavement, which could burst. The driver cannot drive round the building, he must make back way.

Other trucks, which do not correspond to the mentioned limits have to be loaded/unloaded on the traffic-circle before the building Prague Congress Centre and the material must be delivered (about 400 meter) to the lift K by vehicles.

LIFTS:
